## MULTILINE NEXT IT. WITH 4 MOTORS EVEN MORE FLEXIBLE.

Patient comfort, safety and a space-saving design have been the hallmarks of this compact chair for years. It convinces under restricted space conditions in highly frequented offices with many patients, especially in surgeries or oncological day clinics. Now the range has been extended by four new models with four motors for a wide range of clinical applications. The added features include the height adjustment as well as a choice of armrests and the footrest.

Smoothly adjustable by motor, the MULTILINE NEXT IT (e.g. model with standard armrest) moves quickly and gently into any desired position.

Entry position is at 54 cm into the space-savingly designed chair. The fold-out footrest on the 90° leg section provides comfort and safety. Model shown with standard armrest.

Ergonomic seated position from 54 to 75 cm high thanks to the motorized height adjustment, swivelling and folding armrests padded (as shown above) or made of full foam.

**MULTILINE NEXT IT. WITH 3 AND 4 MOTORS FLEXIBLE FOR ALL AREAS OF APPLICATION.**

Art. no.	Motors		Armrest		Castors		Footrest
	3	4	Standard	Padded or full foam	Single brakes	Central locking	Fold-out
