	Loading capacity:	600lbs	

## KEY FEATURES

- 1.Security Lock avoids any hurt caused by unintentional touch of controllers
2. Walk free foot controller (ring-shaped; reverse-control )
3. Adjustable non-slip foot pad is suitable for different terrain
4. Various controllers for height adjustment and stretch

5. 5 years hydrolysis resistance PU

6. PU mute wheels (noiseless, smooth-sliding, no hurt to floor)

7. Optional side controller (adjusts the backrest+ makes phone charging easy)

8. The paper roll holder (indispensable mate of disposable non-woven roll)

9. Midlift and liftback design ensures back and spine treatment

10. Scissor-shaped design facilitates leg treatment

11. The exclusive breathing hole design decreases pressure on the face

12. Loading capacity is 800lbs, which is much more than other series

13. SPA & Treatment all can be used

PRODUCT DETAILS

## Facial Pillow & Table Top

The 5 years hydrolysis resistance PU and 2.5" semi-firm fireproof foam provide much comfort.  
The facial pillow effectively relieves the pressure of head and cervical spine.

## Motors

Dewert motors makes height adjustment and table stretch reliable.

## Steel Frame

Loading weight is 600lbs/272kg, which is much more than other series.

## Handset

The handset is easy to operate both for users and therapists.

## Castors System

The castors system makes it easy for transportation. PU mute wheels, different from the other wheels, reduce the noise more effectively.

## Walk Free Foot Controller

Aluminum frame is light enough to be operated and firm enough to avoid deformation.

Ring-shaped design makes height adjustment in all directions easily.

Contrary to ordinary controllers, If you step down onto it, the table will rise; if you lift it up, the table will lower.

## Side Armrest System

The 5 years hydrolysis resistance PU and foam make the armrest comfortable for the users to rest their arms.

## Paper Roll Holder

The steel roll holder can be firmly welded if chosen.  
The disposable non-woven roll can be put on easily.

## Security Lock

It avoids any movement of the table when massaging caused by unintentional touch of foot controller or handset.
